

DSA Transparency Report

Chapter 1: Number of Orders Received from Member State Authorities, Including Orders Issued Pursuant to Articles 9 and 10

Total number of orders from EU Member States requiring action against illegal content: 0

Total number of orders from EU Member States requiring the provision of information: 0

Orders from EU Member States requiring the provision of information — median time to acknowledge receipt: 0 days

Orders from EU Member States requiring the provision of information — median time to comply with the order: 0 days

The median response time in both cases is 0 days, which results from the absence of any notifications during the reporting period.

Chapter 2: Reporting and Action Mechanisms

As part of the implemented procedures, Miquido has provided mechanisms allowing any individual or entity to report the presence of certain information within the Miquido service that they deem to be illegal content.

Reports can be submitted to dedicated email addresses:

For participants' reports: participants@miquido.com

For judicial or administrative authorities: authorities@miquido.com

These mechanisms ensure efficient and transparent reporting processes and fully support users in providing information.

During the reporting period, no reports were received in accordance with Article 16 DSA. Therefore, the following categories report zero values:

- 1. Number of reports made in accordance with Article 16 DSA:**

Types of potential illegal content: no reports.

Reports made by trusted reporting entities: no reports.

- 2. Actions taken based on reports:**

In accordance with legal provisions: no actions, no reports.

In accordance with the provider's terms of service: no actions, no reports.

- 3. Number of reports processed using automated means:**

No reports.

- 4. Median time to take action:**

0 days, as no reports were received.

Chapter 3: Content Moderation

Total number of content moderation actions taken: 0

Number of content moderation measures detected solely using automated means: 0, due to the lack of content moderation.
